## Vancouver Labor Knocks Our Charlie

Seattle, Wash., Sept. 1.—Vancouver will hold a big anti-Japanese demonstration on September 12th, and will follow it with a protest against the activity of Charles F. Chillingworth, a member of the Hawaiian Legislature, who is accused by the British Columbia Exclusion League of attempting to recover \$15,000 supplied by a Japanese contractor to a party of coolies landed in Vancouver. Officials of the British Columbia Exclusion League were here today arranging for both the demonstration and the protest to the American Government against the shipment of Hawaiian Japanese into British Columbia and Chillingworth's part in it.

The Vancouver League claims Japanese contractors in Hawaii have been supplying Japanese coolies with money enough to pass the British Columbia customs officials. It is charged this money has been collected from the coolies by the Japanese Consul in Vancouver and returned to Hawaii. The Exclusion League claims to have discovered the scheme and to have prevented the same.

## GUILHERME MUST GO BACK TO FUNGHAL

Order Of Deportation Is Sustained By Judge Dole

Guilherme de Silva Madiere, the unfortunate Portuguese immigrant who came to Hawaii with the intention of becoming a citizen of the greatest Republic in the world and who was held up at the immigration station, refused a landing and ordered deported back to his own country because he had one time been fined 31 cents for gambling, and his last hope blasted this morning when Judge Dole overruled the exceptions taken by his counsel to the writ of deportation and refused to release him on a writ of habeas corpus. Guilherme must return.

Judge Dole's decision is based merely upon the law in the case which does not allow him to review findings of the Board of Special Inquiry which declared Madiere a person unfit to be allowed to land in the United States. It does not go into the merits of the original case.

## CHILDREN ON OUR WARSHIPS

Two Thousand Pupils Visit On Board Cruisers

This is a day for school children. The cruisers of Admiral Dayton now in port were crowded by the school children of Honolulu this afternoon. Superintendent Babbitt was personally in charge of the excursion, and both the visitors and those on board the cruisers were happy and cheerful in meeting each other. The bands of all the cruisers played several appropriate selections in honor of the school children. The officers and sailors were detailed to escort the visitors to various parts of the cruisers. There were fully about 3000 children present. Those who are not connected with the Board of Education either as teachers or otherwise were there too. The flagship West Virginia was the center of attraction, many wishing to see Admiral Dayton.

All the children had American flags in their hands as they boarded the (Continued on Page 6.)

## Supervisors Will, They Say, Turn Down Brown

DECLINE TO ENDORSE HIS APPOINTMENT

"I have not as yet appointed A. M. Brown as my assistant," said County Attorney Cathcart this morning. "But I intend to do so, so it amounts virtually to the same thing."

The executive committee of the Republican County Committee yesterday afternoon held a meeting at which it endorsed the candidacy of Brown, S. F. Chillingworth and Carlos A. Long for the office, and Cathcart immediately made his choice, as stated above.

This choice will lead to trouble. It was very definitely stated this morning among the politicians that the Board of Supervisors would refuse to endorse the appointment of Brown, and a canvass of the individual supervisors showed that this report was true. It will be remembered that after the last election the matter of the appointment of Brown for this office was brought up, and the supervisors at that time declared unanimously that they would vote against his endorsement. This they did on the ground that he had been defeated as a candidate for the sheriffship, and that it would therefore not be proper to appoint him to another office under the County.
